

Editorial Note

This EJS issue contains the second part of the collection of selected articles from the 49th JAIIO. The articles published in this issue are extended and revised versions of works presented at the conference

The Argentine Society of Information Technology and Operations Research, SADIO, organizes annually, the JAIIO Conference, a meeting that has an international character and that has been held since 1961.

On this occasion, the 49th JAIIO was co-organized with the Faculty of Engineering of the University of Buenos Aires, and was held from October 19 to 30, 2020 in a virtual format due to the pandemic caused by covid-19. The general chairs were Rosita Wachenchauzer (FIUBA, SADIO), Yanina Bellini Saibene (INTA Anguil) and Mariano Beiró (CONICET - FIUBA).

We express our special thanks to the chairs of the symposiums STS (Simposio Argentino sobre Tecnología y Sociedad), SAHTI (Simposio Argentino de Historia, Tecnologías e Informática) and SHIALC (Simposio de Historia de la Informática en América Latina y Caribe) who collaborated with the selection and evaluation of the articles published in this edition of the EJS.
